HW-Zuschneid-Kreissägeblatt HW Rip Saw Blade

- ✓ Für Längsschnitte in Massivholz weich und hart
- ✓ Flachzahn mit Abweiser
- ✓ Für thermoplastische Kunststoffe in sehr großen Abmessungen (evtl. Schutzfase anbringen)

- ✓ For ripping solid soft- and hardwood
- ✓ Flat tooth with chip limiter
- ✓ With this saw blade, you can also cut thermoplastics in larger dimensions very well (to get a better cutting quality, a protective chamfer can be attached at the teeth)
